
Counter Strike Source 1.0.0.34 Patch Download

I think it was a good crack inside or some files in the game with assembly Exe: (3945) with all extracted files from GCF. And I have the latest hacked version of CS:S v75. You can download it: <http://www.gcf-source.co.uk/tiles/cs-v75-by-mckenzie.exe> If you want to install it, you will need to run: 1. Open your CS:S installer and then press "Enter" to select "Install". 2. You should now see two different files that you can install; select the CS:S v74 installation file. 3. Finally, you will need to press "Enter" again to continue.
