Changelog Requirements Changes Description Started by vincent302 in 06/01/2013 (source) Version 0.5.0.2 == Bug Fixing == \* Fixed load screen icon not working \* Fixed battery icon \* Removed some ads and a lot of ads, since I can not afford to pay a thousand of dollars for the app. Version 0.5.0.1 == Bug Fixing == \* Fixed some incorrect icon and some icon crash \* Removed some ads (A lot of them. I'll eventually pay for the app and keep it free from ads in the future) \* Created a compatibility file for all of the people that already had the previous version (Version 0.4.5.1) \* This is the first version where I ask for a donation, so that I can continue to develop this app (And make all of you happy). I'm currently looking for a reliable and cheap host for my app. Any tip? Changes Description Version 0.4.0 A lot of bug fixing, a lot of icon change, and a lot of awesome:) The many changes and the awesome design make the Home Screen of your phone a lot 1d6a3396d6
